

The Eclipse of Christmas

A dramatic landscape at dusk or dawn. The sky is filled with dark, heavy clouds, but a bright light is breaking through, creating a glowing path of light that illuminates a coastal town and the surrounding landscape. The town is nestled on a peninsula, with a lighthouse visible on a small island. The foreground shows rolling hills and fields, all in deep shadow, with the light from the sky casting a soft glow on the scene.

**“The people walking in
darkness have seen a great
light; on those living in the
land of deep darkness a light
has dawned.”**

-Isaiah 9:2

The light shines
in the darkness,
and the darkness
has not overcome it.

John 1:5

“Therefore, you kings, be wise; be warned, you rulers of the earth. Serve the LORD with fear and celebrate his rule with trembling. Kiss his son, or he will be angry and your way will lead to your destruction, for his wrath can flare up in a moment. Blessed are all who take refuge in him.”

You Cannot Shine in Mission Unless You are Connected in Relationship

A bright, multi-colored starburst light effect on a dark background. The light is composed of several overlapping beams of light in shades of blue, green, yellow, and purple, creating a central point of intense brightness that radiates outwards. The background is a dark, almost black, gradient.
